NEPTUNE MARINA LIFT TRUCKS

The Neptune Series is the premier marina lift truck in the industry, used to dry stack boats in storage racks, and lower/raise boats in/out of the water. The Neptune Series is compact and extremely maneuverable to operate around any facility, yet strong and durable enough to lift/lower boats of various sizes and weights.

FKS SERIES 23,000 - 100,000 LBS.

One of Hoist's most popular lines, the FKS Series is a heavy-duty, cushion-tire lift truck with the power to lift loads up to 100,000 pounds. The compact design allows the lift truck to maneuver in tight areas. The FKS Series is extremely durable and can be used in many applications such as paper, forging, steel, die/mold and canning. There are various cab options available including tilt, air-ride and enclosed cab.
