

LISTEN TO THE LIFE BLOOD OF YOUR MACHINE

DEVELOPED AND TESTED TO A HIGHER STANDARD

Other brands may meet industry standards, but they don't meet our standards. Caterpillar is the only company with the in-depth knowledge to offer lubricants that deliver peak performance inside Cat machines and engines every time. Discover the difference.

Cat Lubricants are readily available through Kelly Tractor or online at Parts.Cat.Com 24 hours a day.

KELLY TRACTOR 

BUILT FOR IT.™

www.KellyTractor.com/catserviceoptions

* Offer includes all packaged Cat oil and grease. Offer valid from June 1 through August 31, 2018.

MYTH: ALL BRANDS OF LUBRICANTS ARE THE SAME

If that were the case, our job would be a lot easier. Instead, Cat® has invested the time and effort required to develop Cat Lubricants specific to the needs of Cat machines and engines. There is a difference. While others are in the business of selling oil, we're in the business of protecting your equipment – and we know it will perform better for you when it runs on Cat Lubricants.

HEALTHY MACHINES RUN ON THE RIGHT LUBRICANT

Think oil is oil and grease is grease? Think again. Different systems and applications call for a specific lubricant, and you'll find exactly what you need at Kelly Tractor or online at Parts.Cat.Com. Choose from a variety of oil and grease products – available in a variety of package sizes to meet your needs – all developed just for your machines and applications.

LUBRICANTS THAT WORK AS HARD AS YOU DO

Don't risk your equipment investment by using other brands of oil and grease. Although it may meet industry standards, it doesn't meet Caterpillar standards – which are much higher. Only Caterpillar has the in-depth knowledge – backed by billions of hours of operation – to offer lubricants that deliver peak performance inside Cat machines and engines every time. Caterpillar develops, tests, and approves to such exacting standards that you can safely use Cat oil and grease across your entire fleet. A key element in equipment health, Cat lubricants are readily available through Kelly Tractor or online at Parts.Cat.Com 24 hours a day.

Not only do we offer high quality Cat Lubricants, we also offer Scheduled Oil Sampling (S•O•SSM) to test various lubricated compartments within your Cat® Equipment to ensure the continued health of your machine.
