

THE PERFECT BLEND OF TECHNOLOGY, PERFORMANCE AND PRODUCT SUPPORT

Known the world over, IMT hydraulic rigs are regarded as the most reliable, productive, stable and operator friendly within the drilling industry. Kelly Tractor Co. maintains the largest rental fleet in the Western Hemisphere by supporting foundation contractors with rigs designed to get the job done in a variety of soil and rock conditions.

IMT drill rigs are mounted on CAT® excavator bases which meet all current emissions requirements and standard. This allows us the ability to add the extensive resources, knowledge and parts availability of the CAT® dealer network to keep your rig up and running. Our dedicated product support team ensures that our rigs are ready when you are.

Additionally, Kelly Tractor Co. operates a 30,000 sq. ft. state of the art manufacturing facility in central Florida which is capable of design and fabrication of replacement kelly bar parts as well as repairs and rebuilds. Our fabrication and welding procedures along with proper metals analysis ensure your project is done right.
